Attachment: Notice of NON-COMPLIANT AMENDMENT (37 CFR 1.121)

Only the corrected sections of the non-compliant amendment document must be resubmitted (in its entirety), in this case, the entire "Amendment to the specification" section of applicants' amendment document filed on May 1, 2006, must be resubmitted. 37 CFR 1.121(h).

The "Amendment to the specification" section filed on May 1, 2006, does not comply with 37 CFR 1.121 for the following reasons:

Item C: The amended paragraphs [0078] and [0081] at pages 29 and 30, respectively, set forth in the amendment filed on May 1, 2006, try to amend paragraphs that are not present.

The amended paragraph [0078] deletes the term "Henschel mixer" and inserts the term -- HENSCHEL MIXER --. However, the previously filed and entered paragraph [0078] set forth in the amendment filed on Jun. 16, 2005, already capitalized the term "Henschel mixer."

The amended paragraph [0081] merely un-capitalizes the terms "VISCOL," "AIZEN SPILON BLACK," "AUTO HOMO MIXER," and "DISPER COAT," that were present in the previously filed and entered paragraph [0081] set forth in the amendment filed on Jun. 16, 2006, without using the proper markings to indicate the deletion of the capitalized terms and without using the proper

Art Unit: 1756

markings to indicate the addition of the un-capitalized terms.

Applicants have improperly amended the paragraphs.

37 CFR 1.121(b)(1)(ii) states that "[t]he full text of any replacement paragraph with markings to show all the changes relative to the previous version of the paragraph. The text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters . . ."
